- ** You will need a small mallet and a screwdriver for assembly.
- ** Some screws and wooden dowel may remain.
- ** Materials for wall mounting are provided.

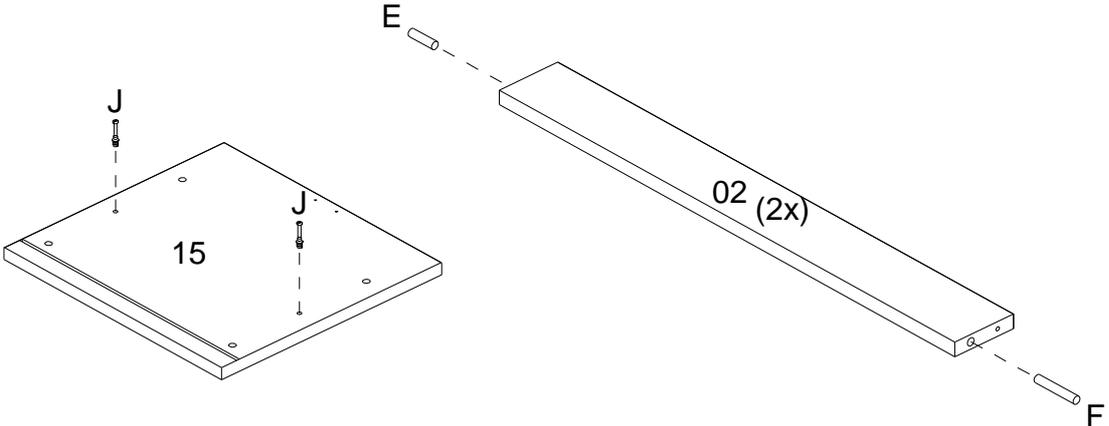

Step 1: Insert hardware part E using small mallet (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

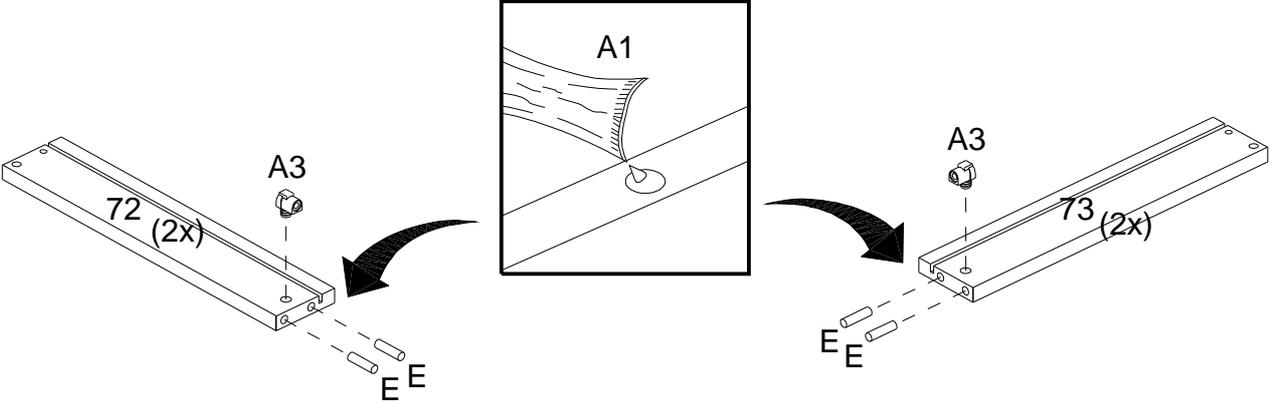

Step 2: Attach the hardware J using the a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

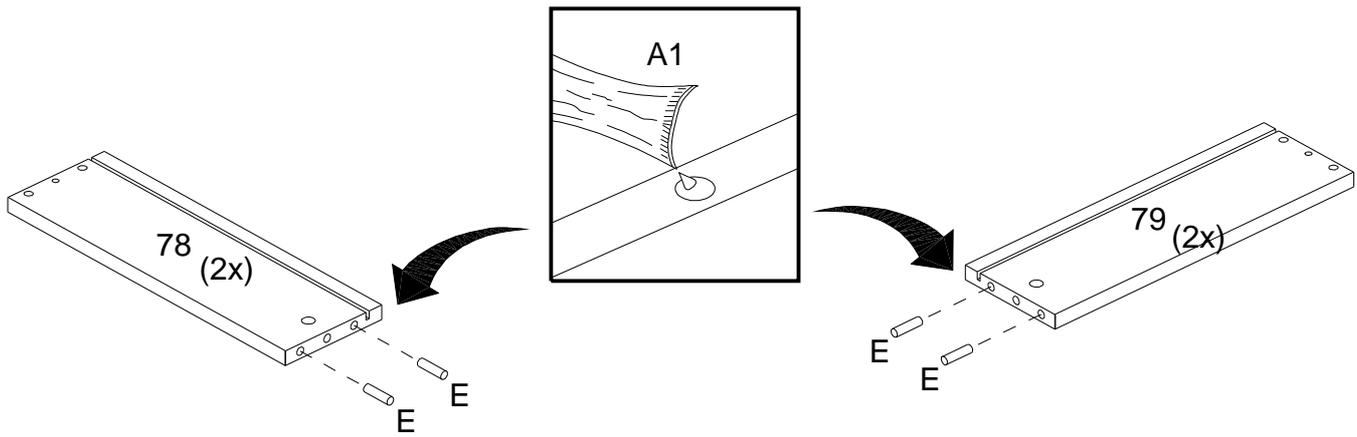

Step 3: Attach the hardware J Bottom of drawer front (15) using the a screwdriver (not provided). Insert hardware parts E and F, Upper left right side (2) using small mallet (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

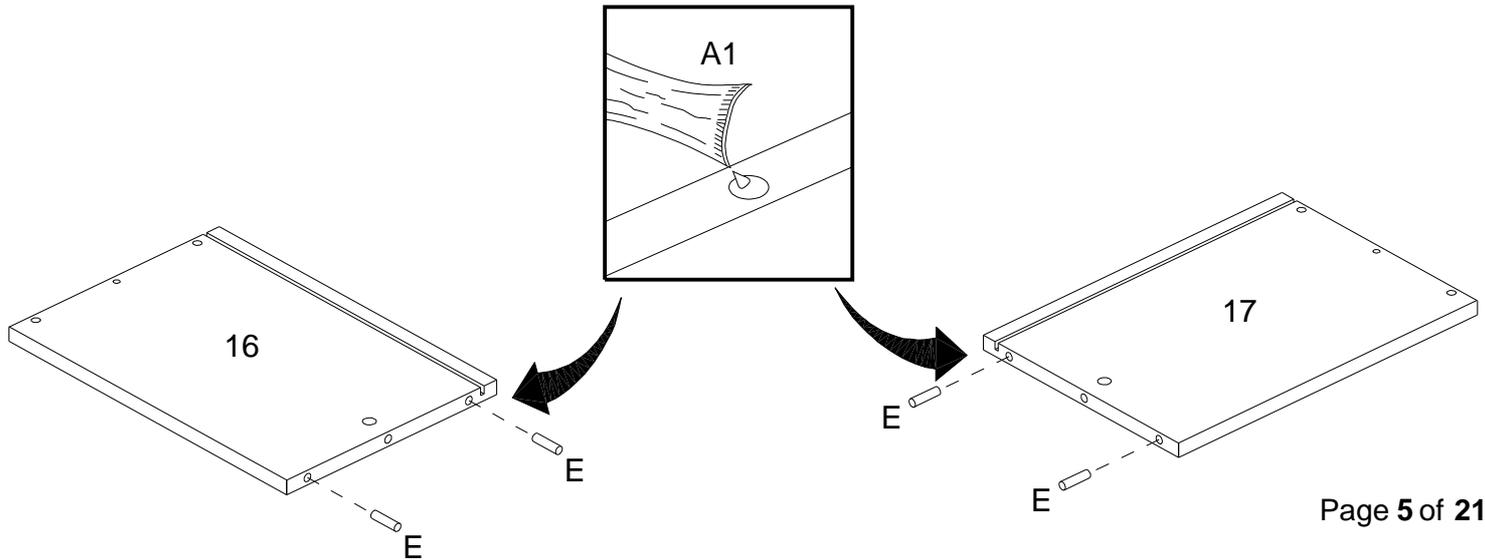

Step 4: Attach hardware part E using a small mallet (not provided) and to the hardware part A1 and A3. **DO NOT use any power tools as this may damage the frame and will invalidate any claim.**

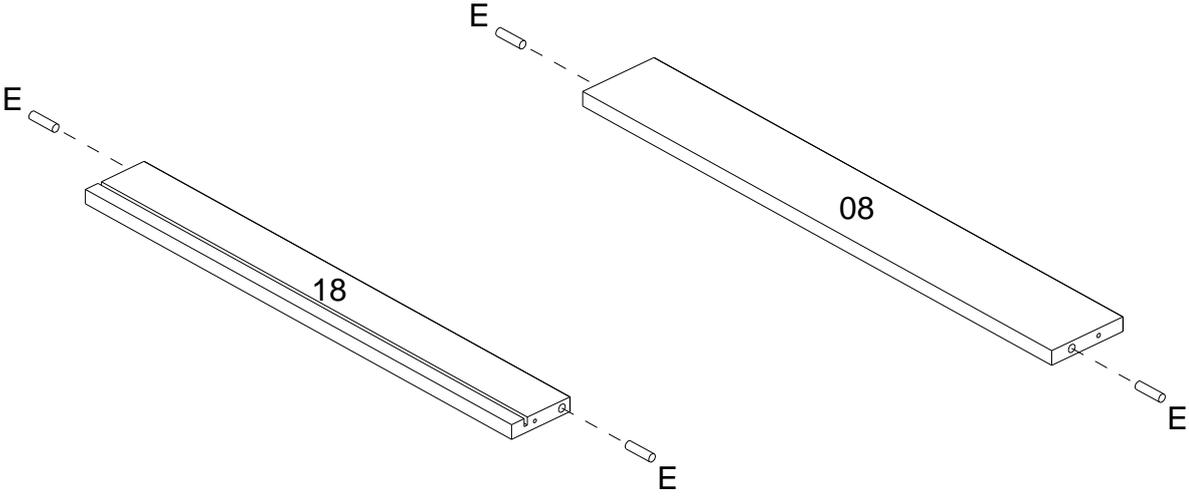

Step 5: Attach hardware part E using a small mallet (not provided) and to the hardware part A1. **DO NOT use any power tools as this may damage the frame and will invalidate any claim.**

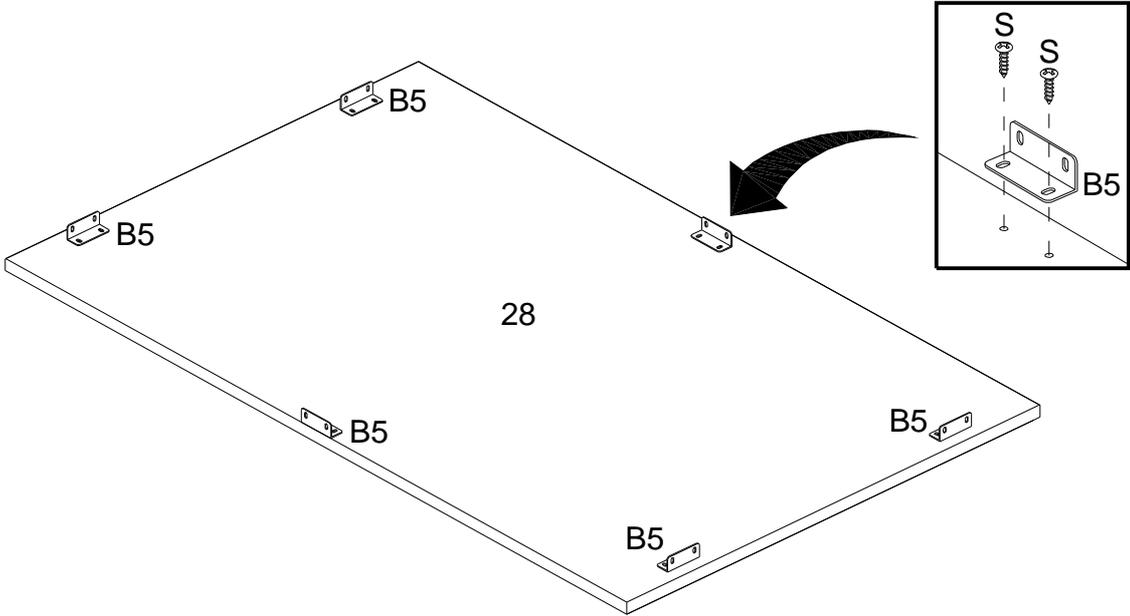

Step 6: Attach hardware part E using a small mallet (not provided) and to the hardware part A1. **DO NOT use any power tools as this may damage the frame and will invalidate any claim.**

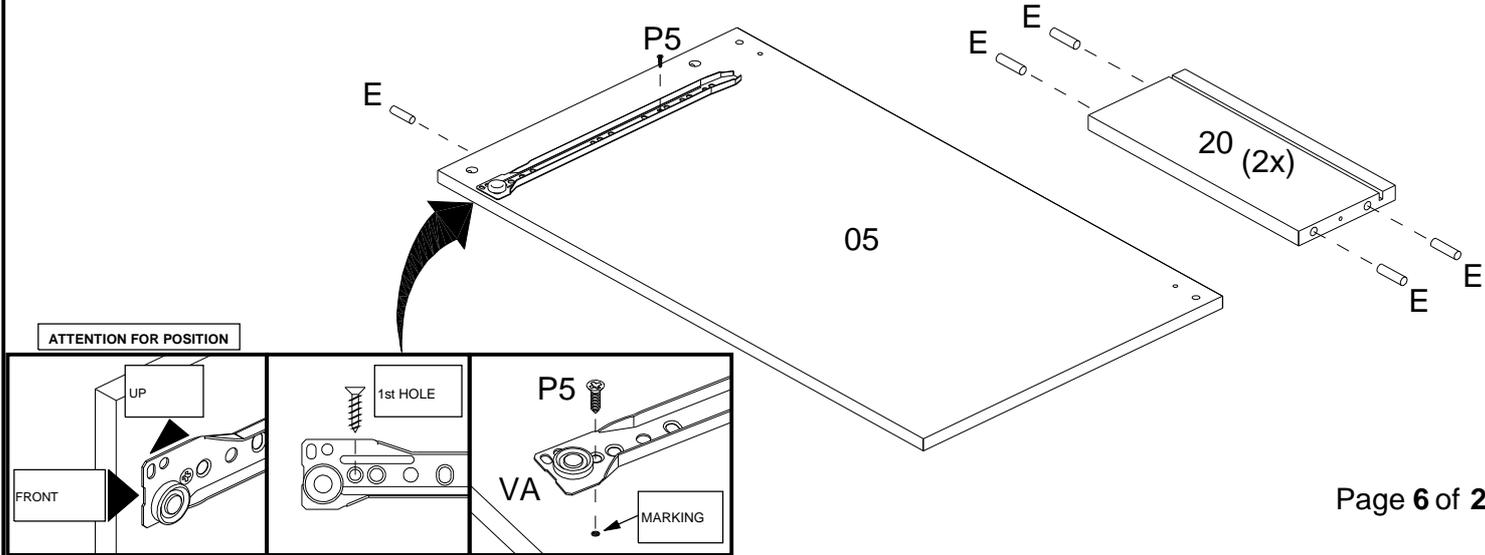

Step 7: Insert hardware part E using small mallet (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

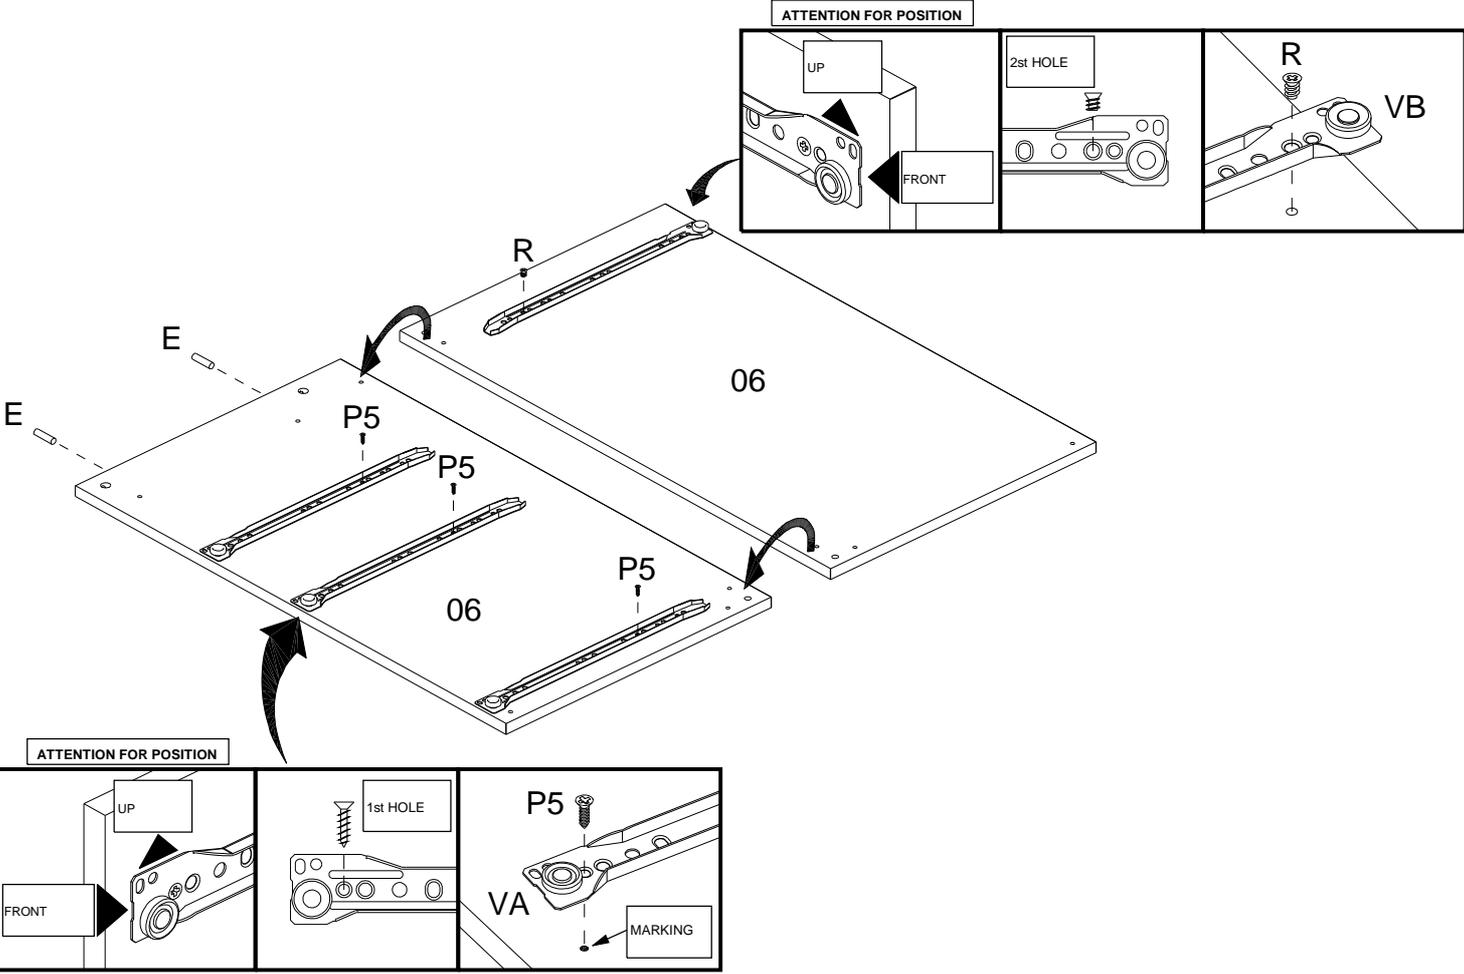

Step 8: Attach hardware part (B5) using hardware part S and screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

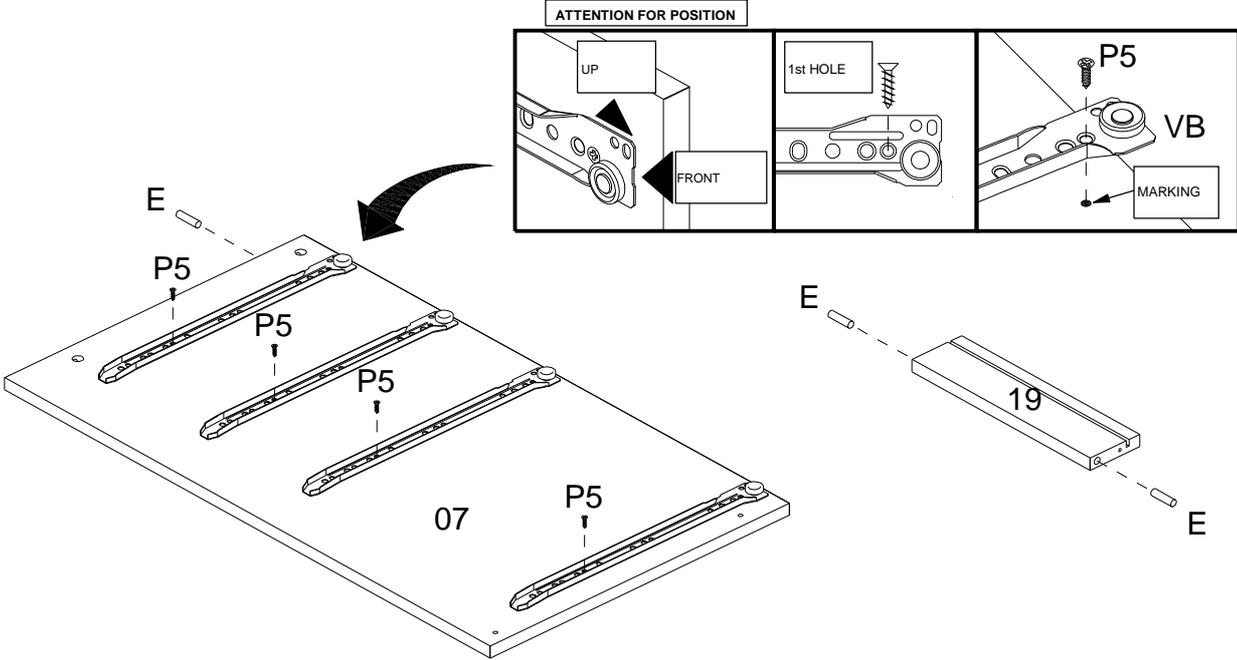

Step 9: Insert to the hardware part E Left side (05) using small mallet (not provided) and attach the hardware part VA using the hardware part P5 and a screwdriver (not provided). Insert to the hardware part E Rear intermediate of drawer (20) using small mallet (not provided)
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

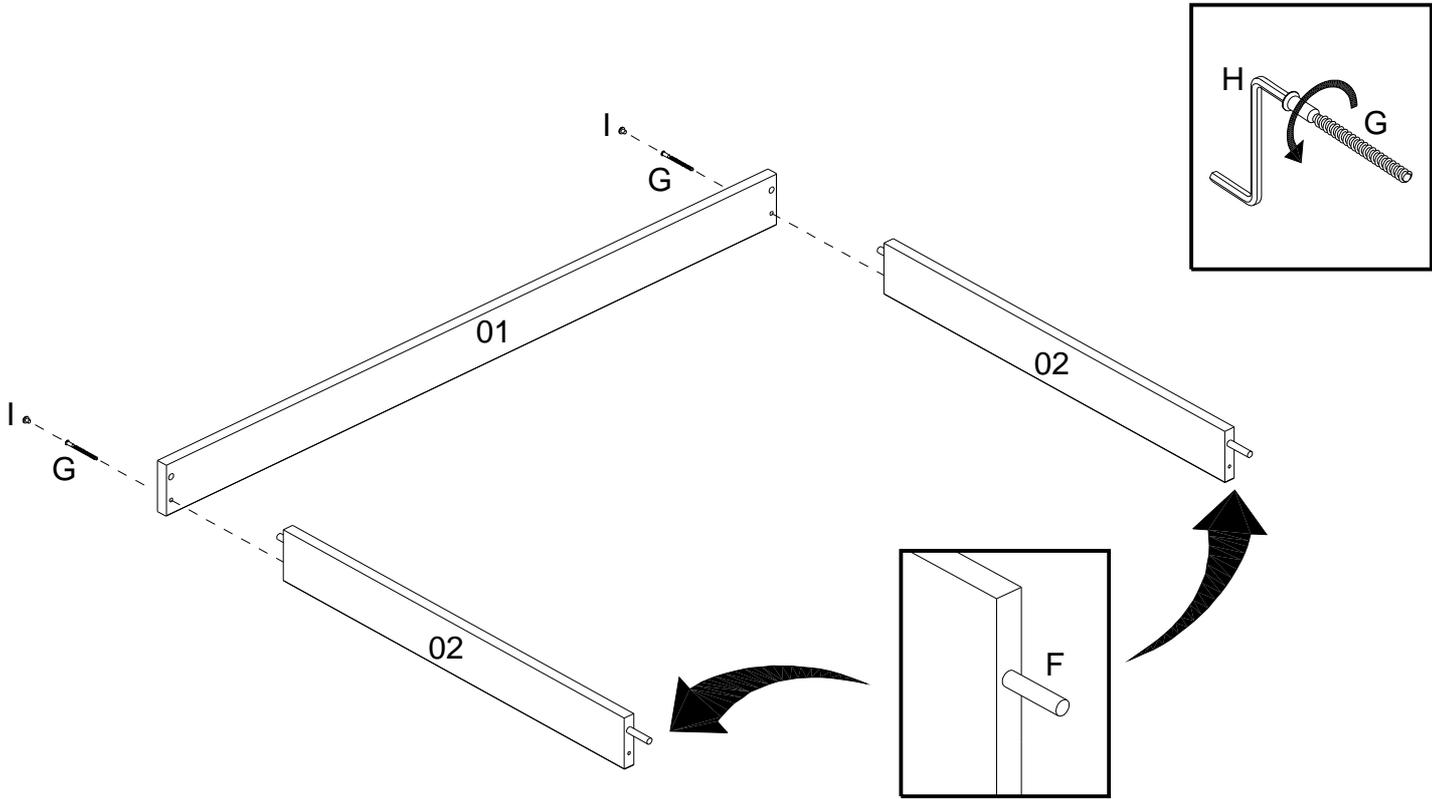

Step 10: Attach the hardware part E to the division (06) using a small mallet (not provided) and attach the hardware part VB using the hardware part R and a screwdriver (not provided) and then rotate the part and attach the hardware part VA using the hardware part P5 and a screwdriver (not provided). **DO NOT use any power tools as this may damage the frame and will invalidate any claim.**

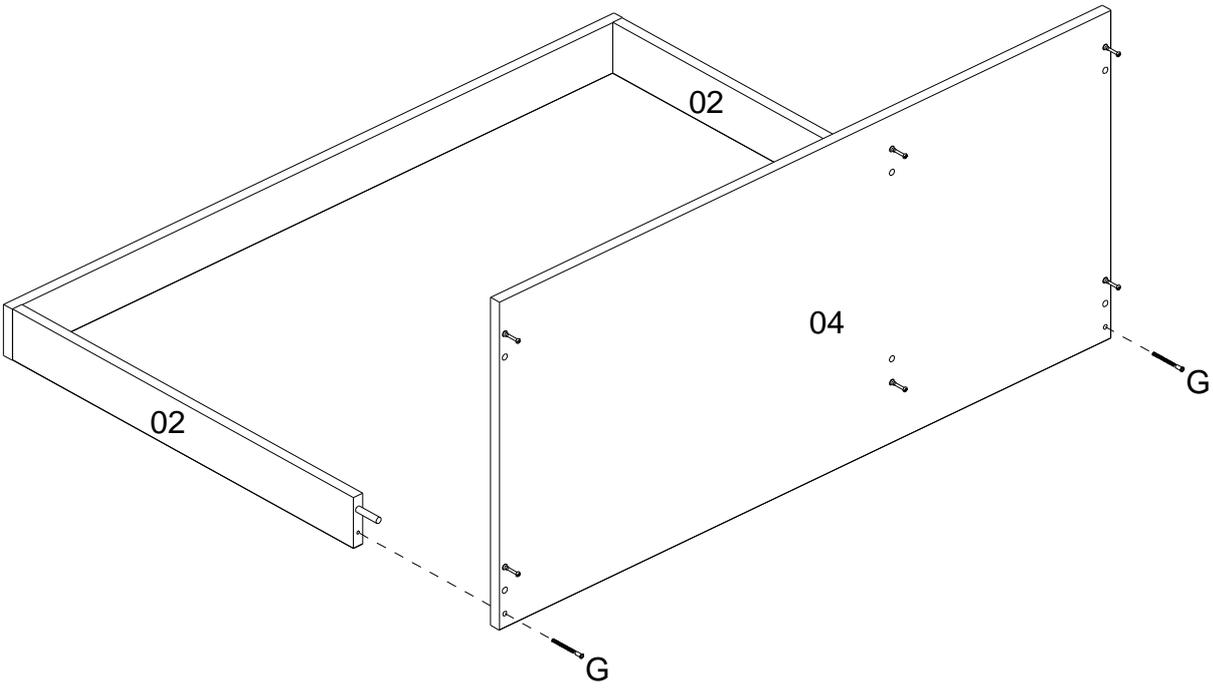

Step 11: Insert to the hardware part E Right side (07) using small mallet (not provided) and attach the hardware part VB using the hardware part P5 and a screwdriver (not provided). Insert to the hardware part E Rear right upper of drawer (19) using small mallet (not provided) **DO NOT use any power tools as this may damage the frame and will invalidate any claim.**

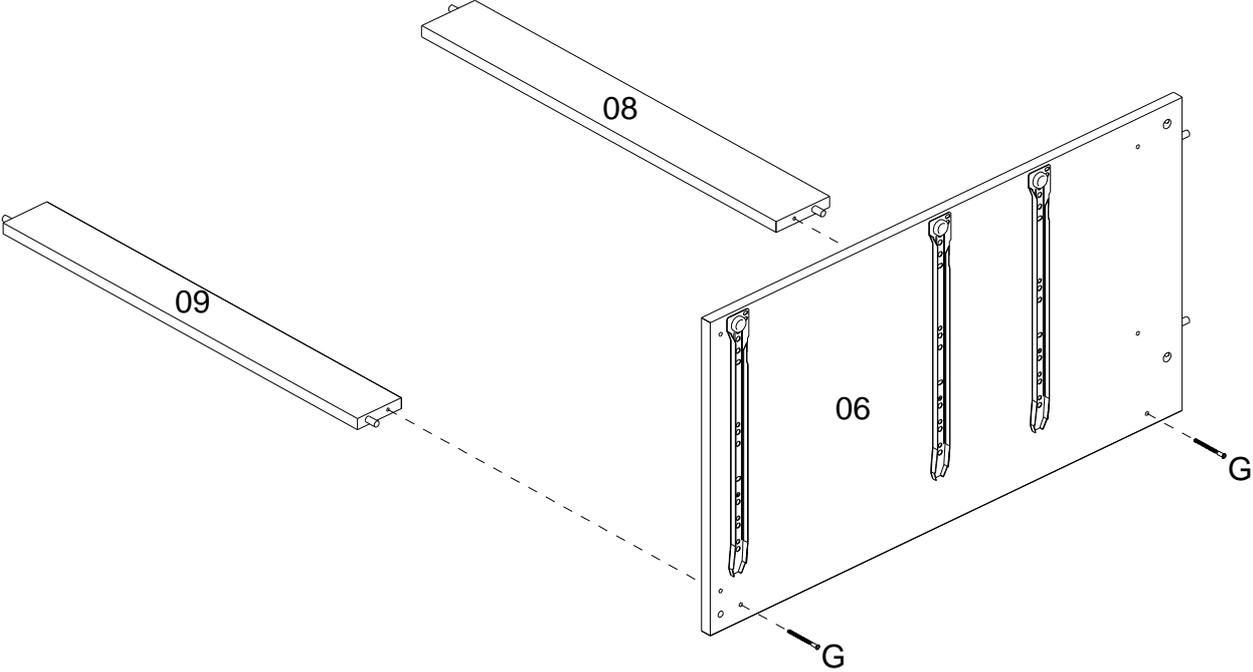

Step 12: Attach the upper base (01) and upper left right side (02) using the hardware G, H and I.
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

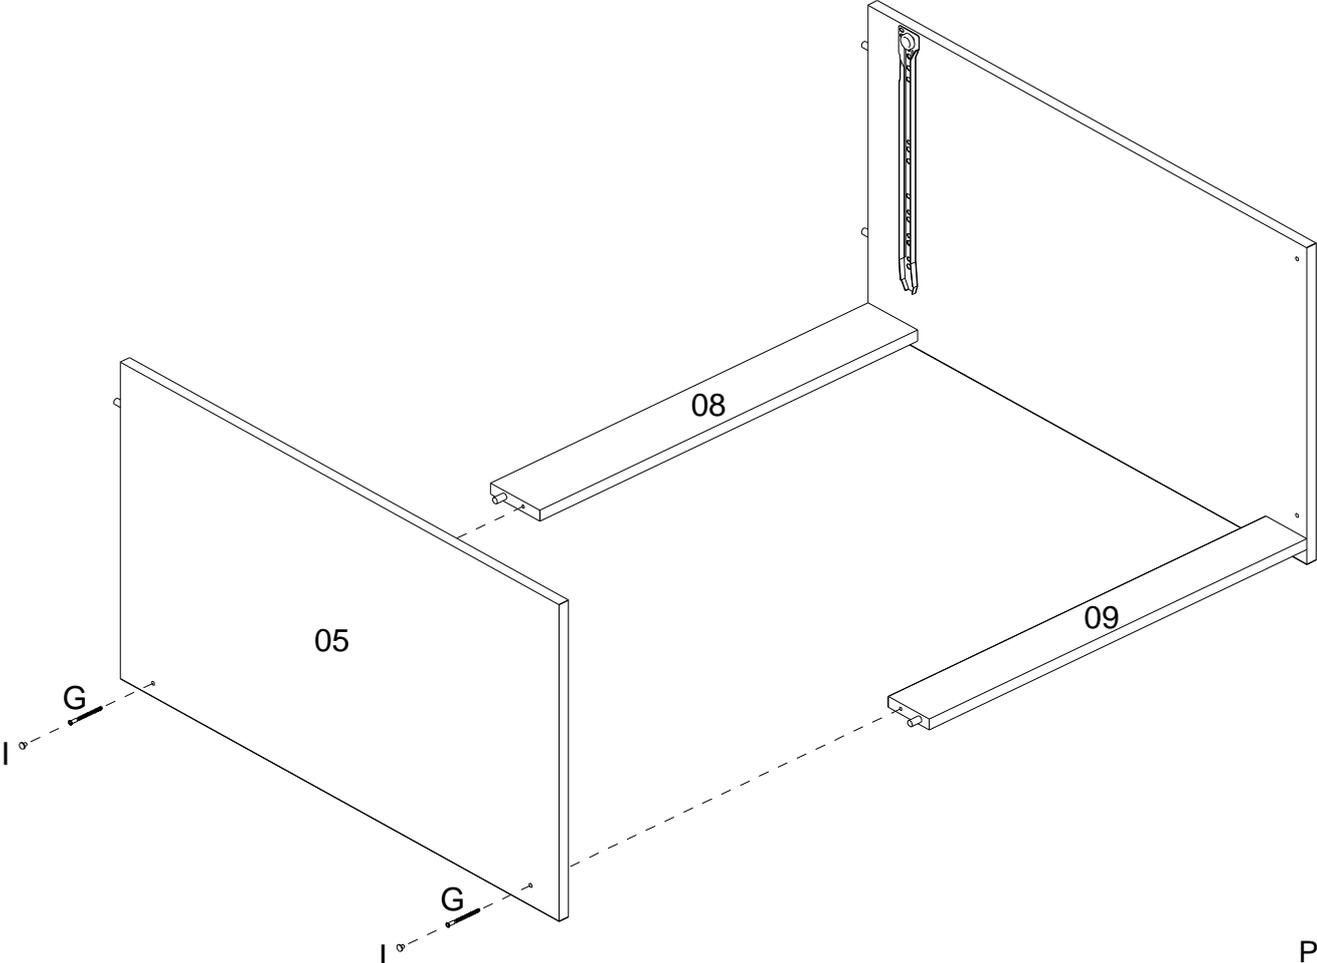

Step 13: Attach the top (04) and upper left right side (02) using the hardware G and H.
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

Step 14: Attach the division (06) to the tray upper left (08) and tray bottom left (09) using hardware part G and H. **DO NOT use any power tools as this may damage the frame and will invalidate any claim.**

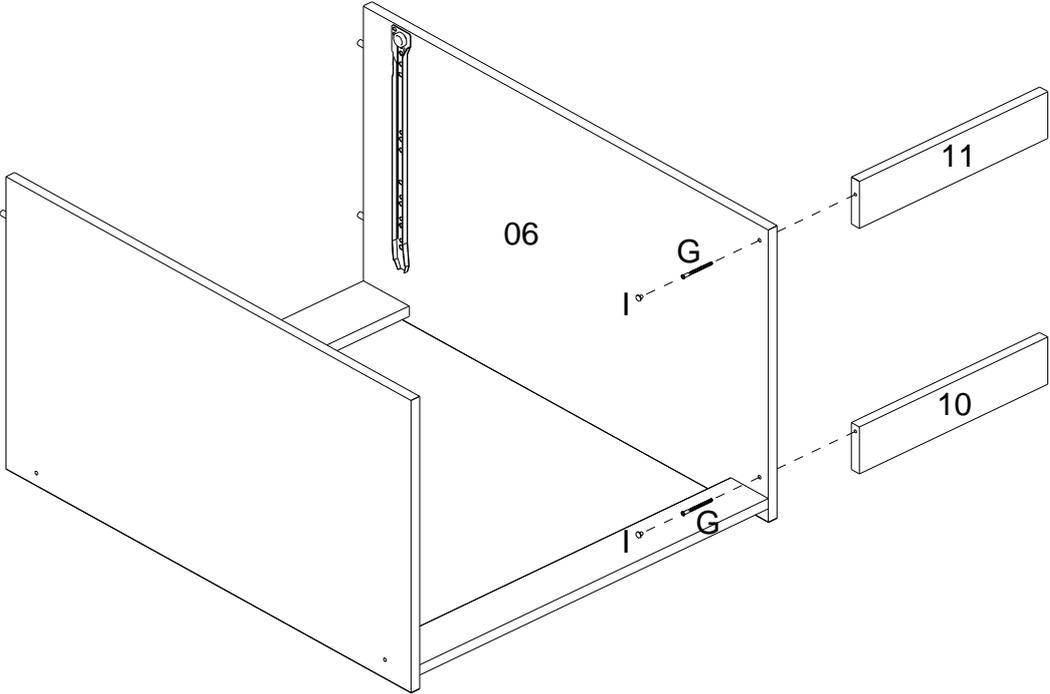

Step 15: Attach the left side (05) to the tray upper left (08) and tray bottom left (09) using hardware part G,H and I. **DO NOT use any power tools as this may damage the frame and will invalidate any claim.**

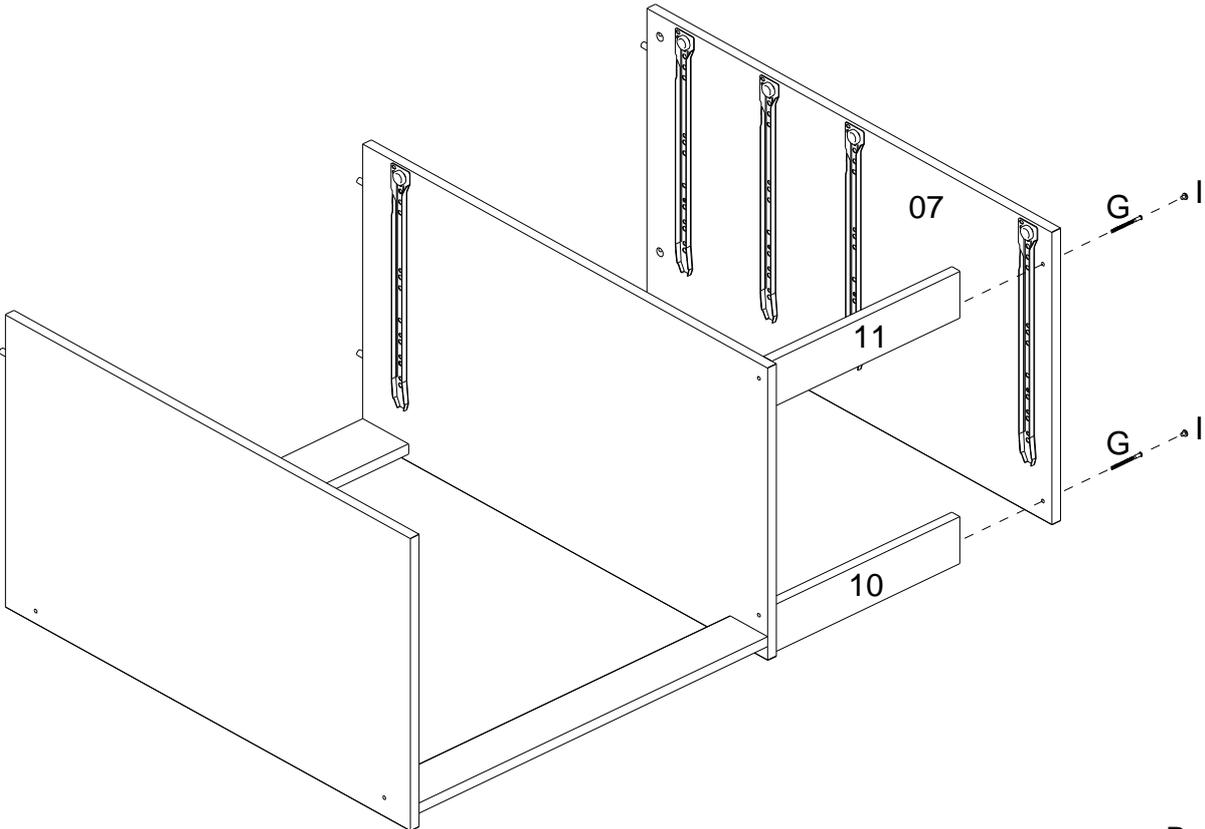

Step 16: Attach the tray bottom right rear (10) and tray lower right front (11) to the division (06) using hardware part G, H and I.

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

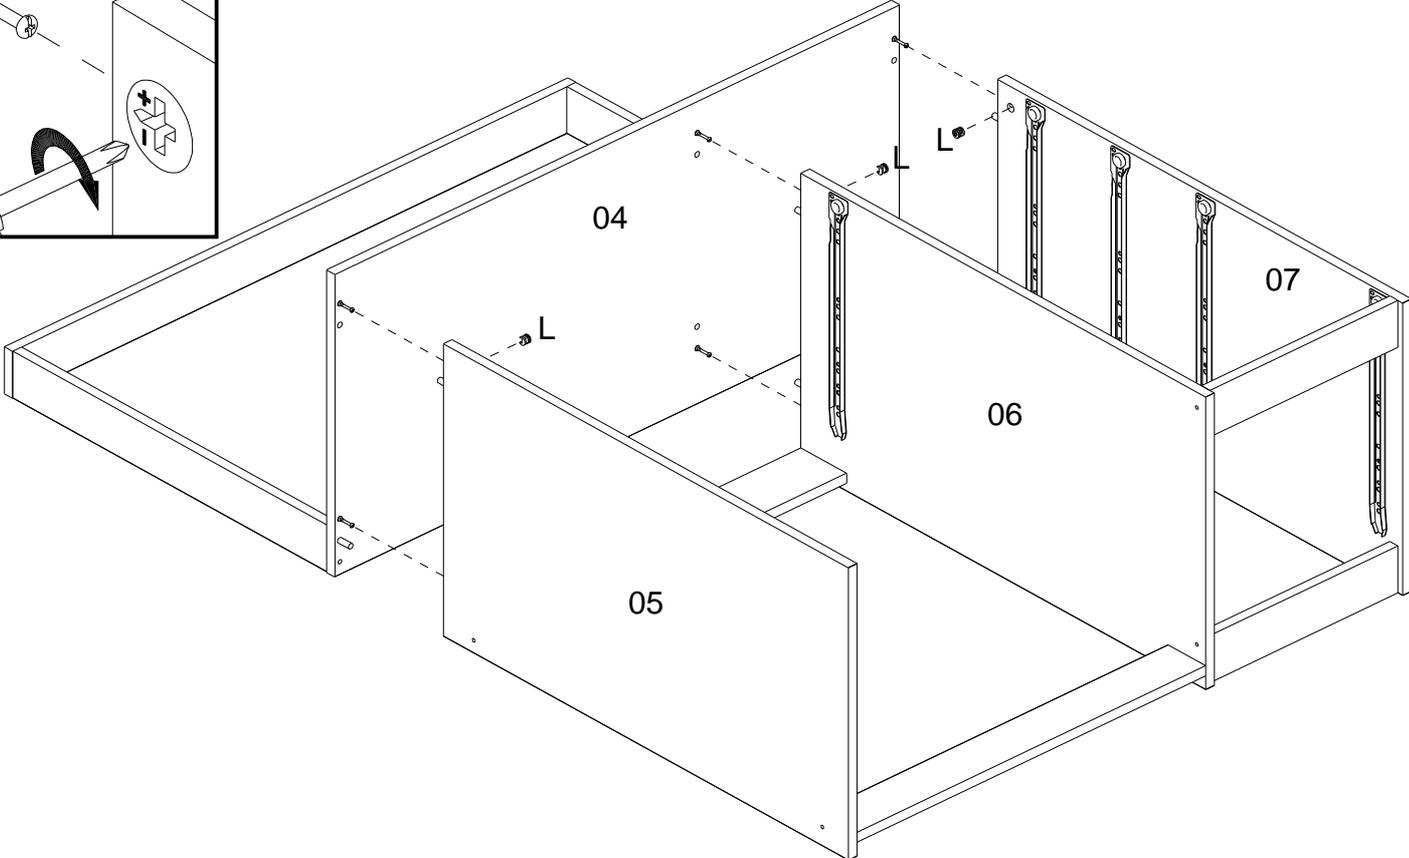

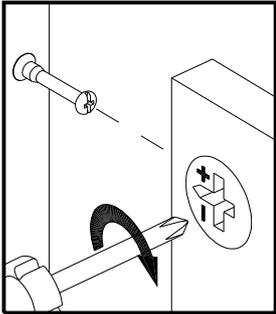

Step 17: Attach the right side (07) to the tray bottom right rear (10) and tray lower right front (11) using hardware part G, H and I.

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

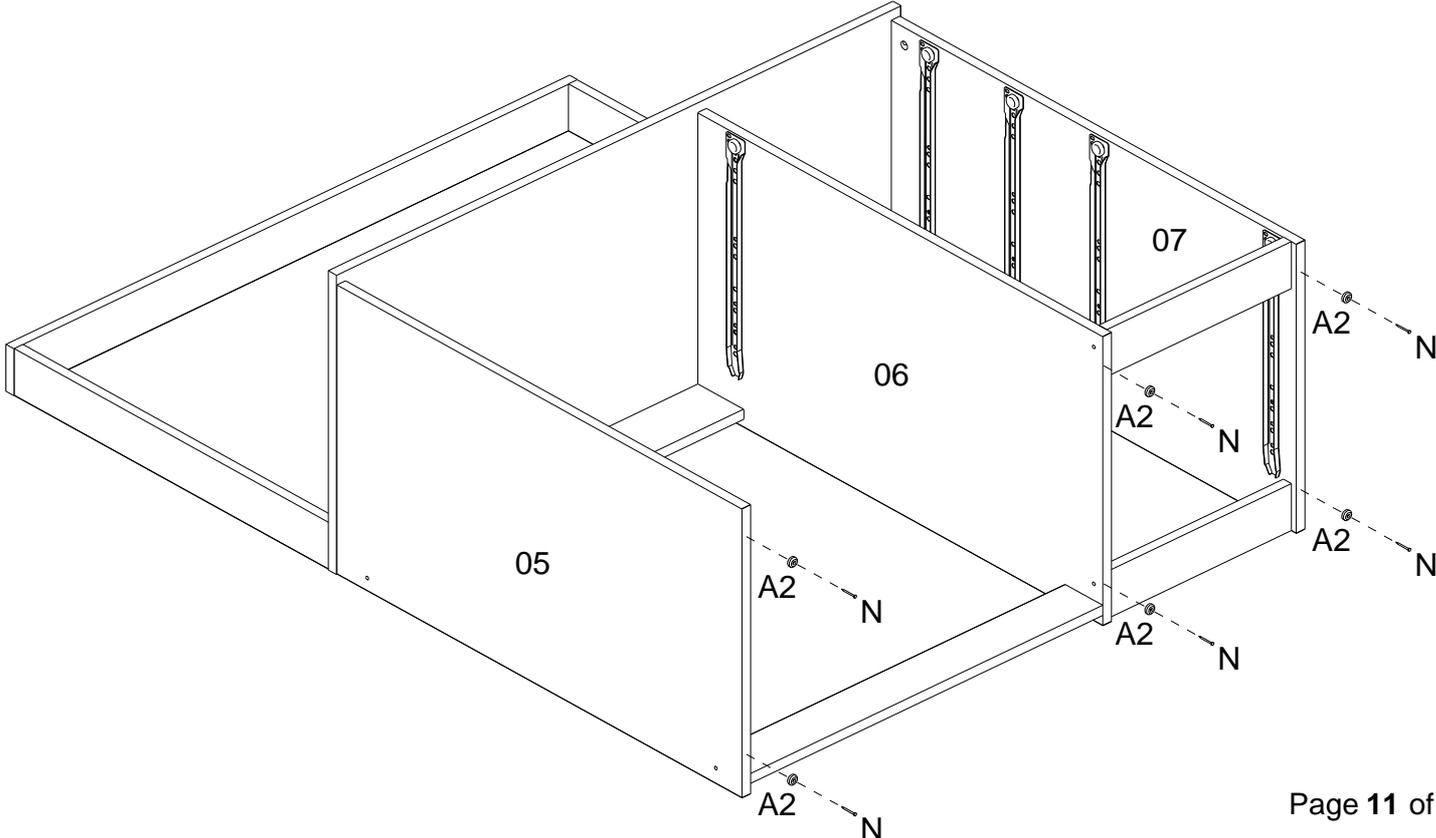

Step 18: Join the top (04) to the left side (05), division (06) and right side (07) using hardware part L and a screwdriver (not provided).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

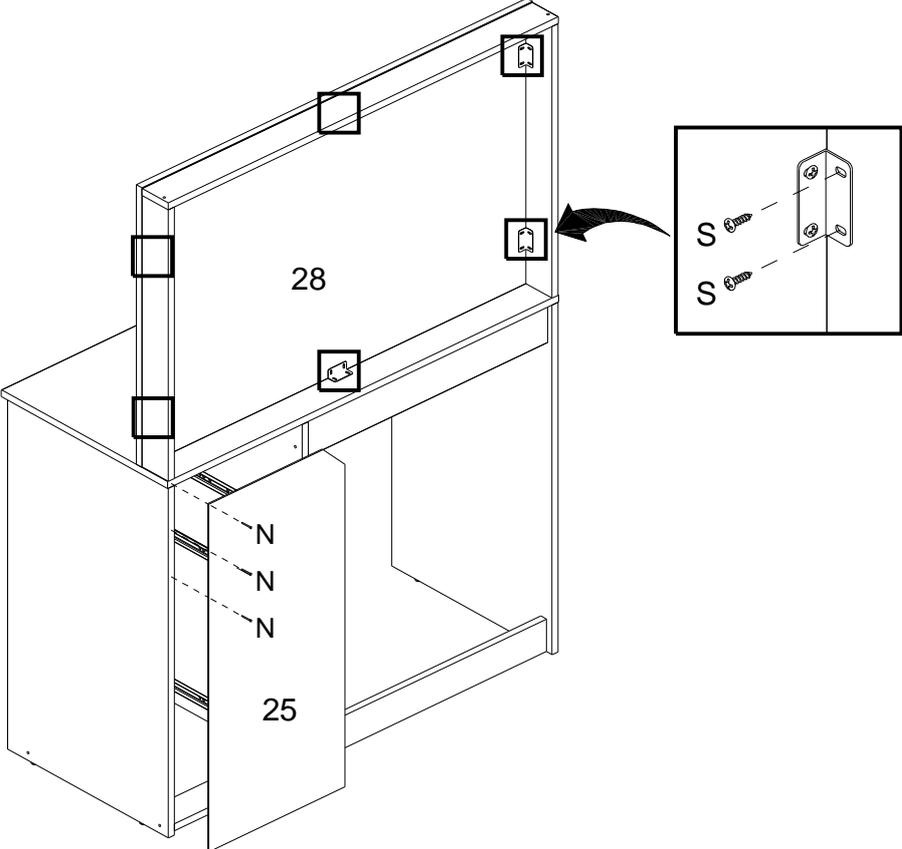

Step 19: Attach hardware part A2 to the o the left side (05), division (06) and right side (07) using hardware part N and small mallet (not provided).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

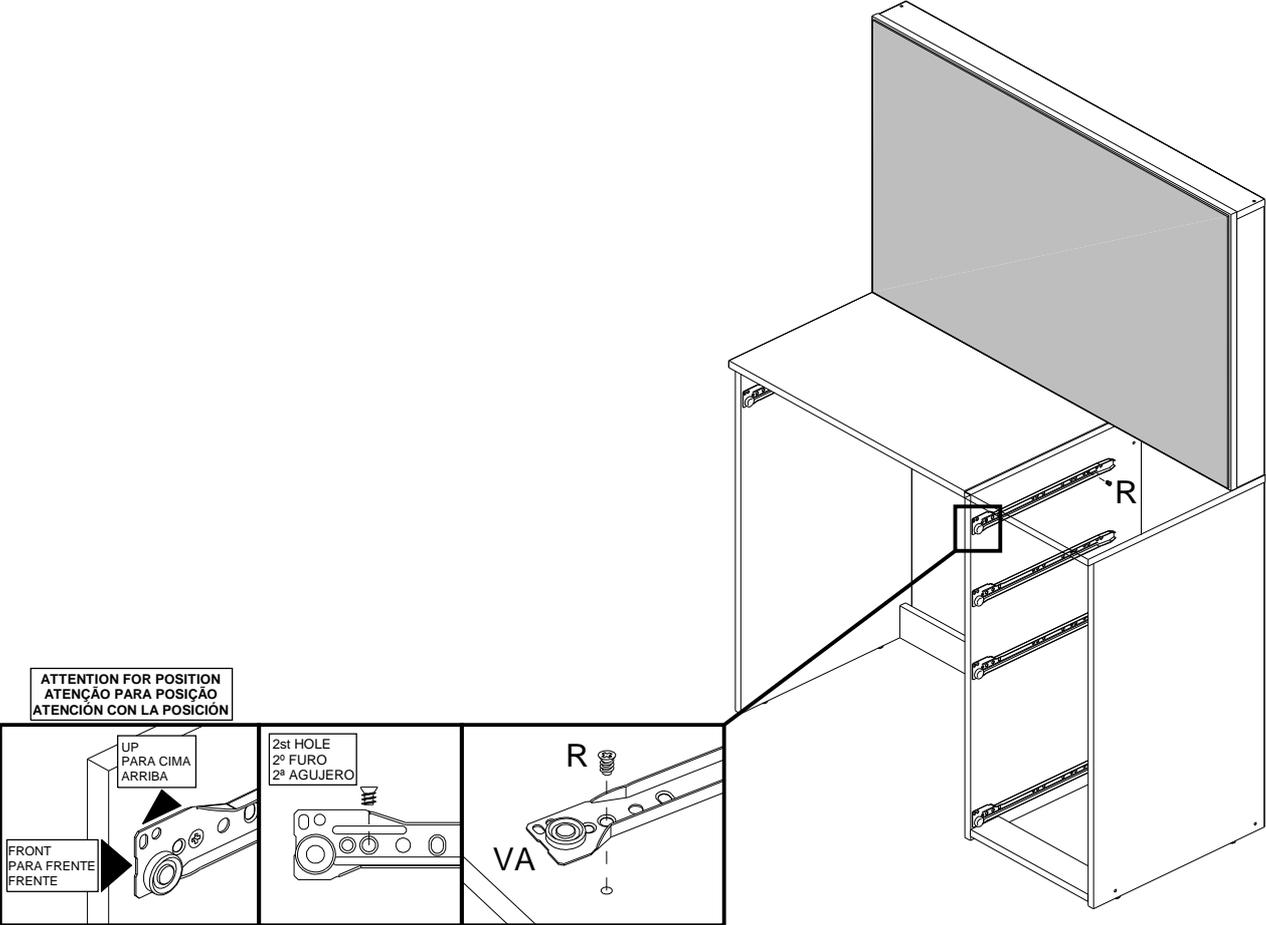

Step 20: Attach the back (25) using the hardware part N and a small mallet (not provided) using the hardware part B5 and S, attach mirror panel (28) in upper left right side (2).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

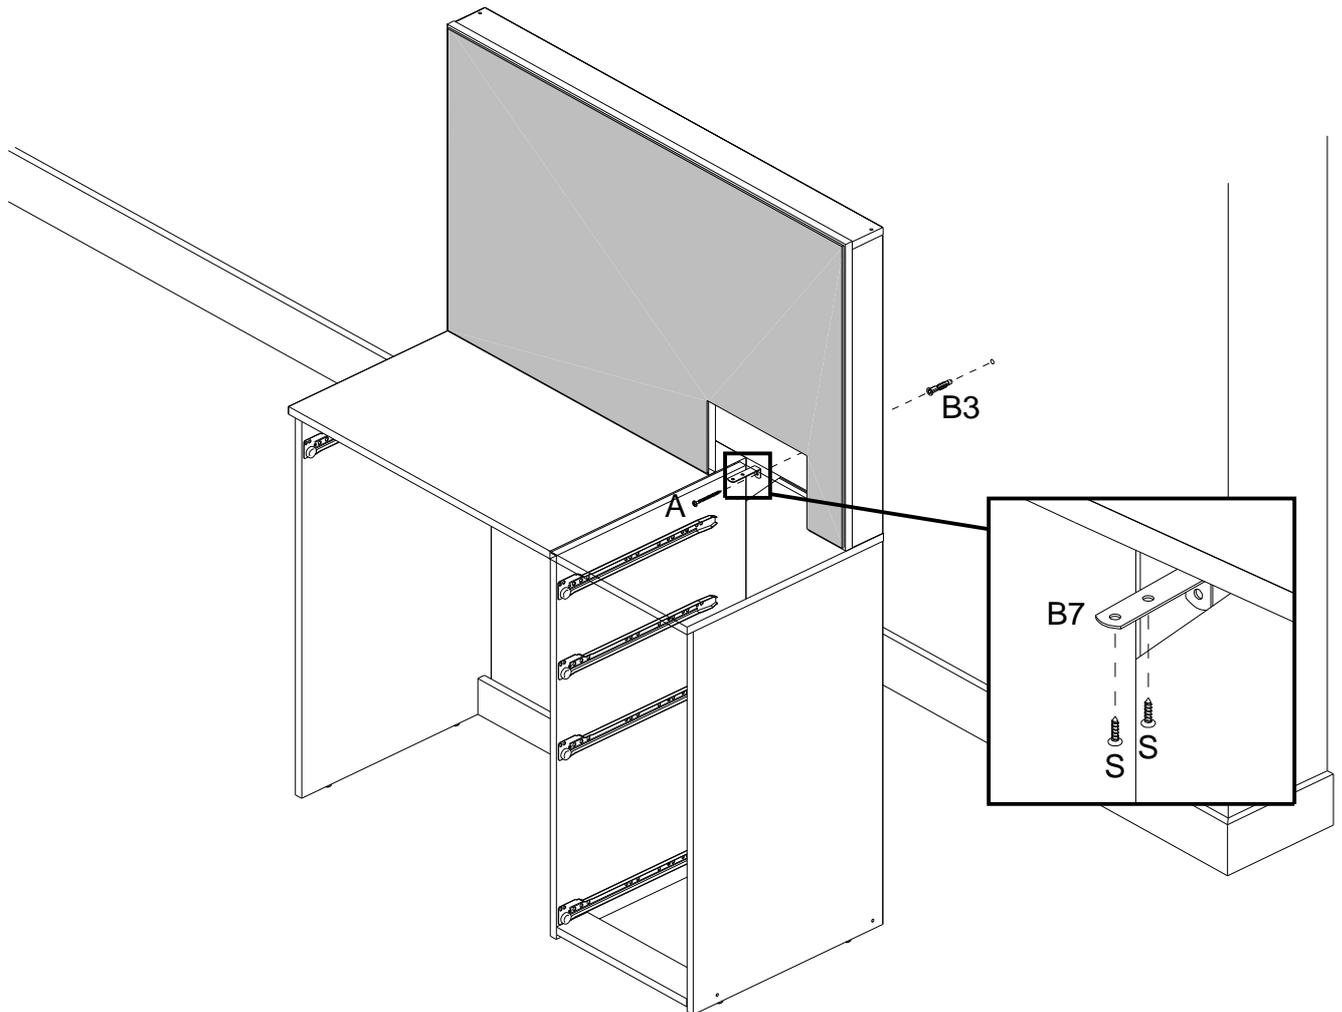

Step 21: Insert to the hardware part VB at division (06), using the hardware part R and a screwdriver (not provided)

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

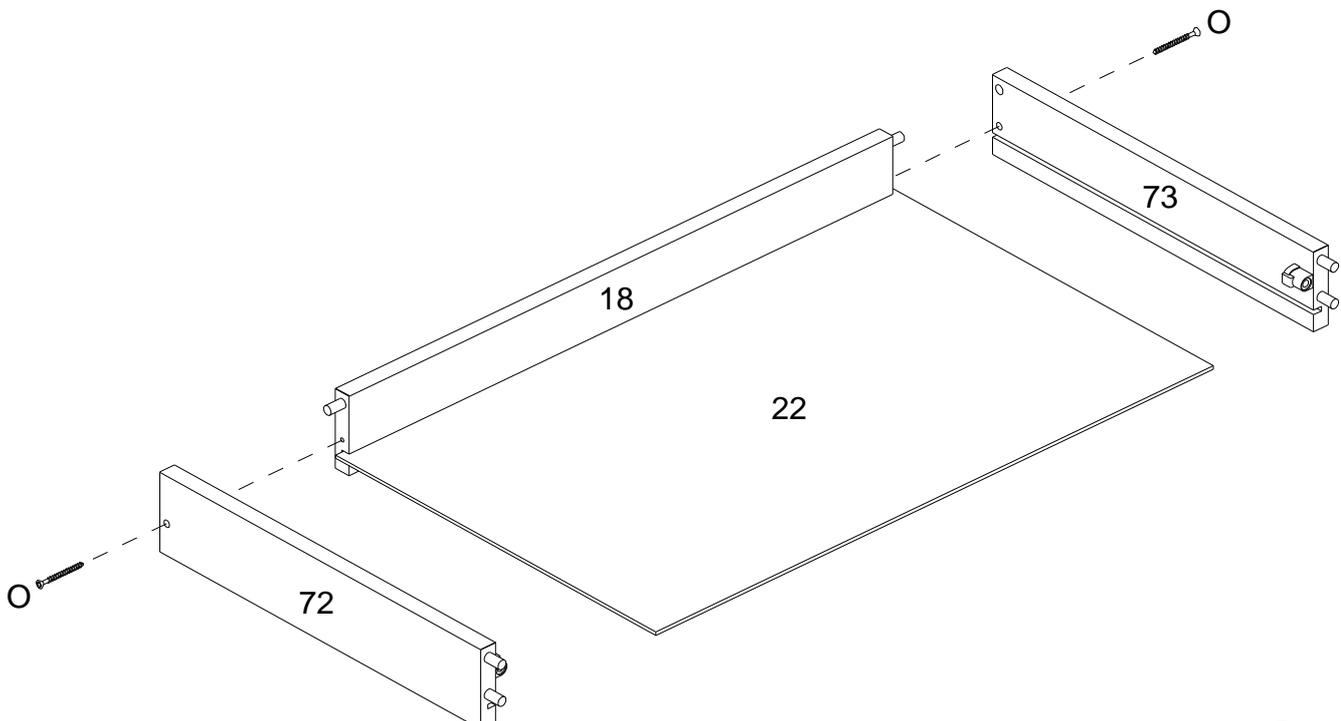

Step 22: To secure the item to the wall use hardware A, B3 and B7 and a screwdriver (not provided), then attach the hardware part S to the item with a screwdriver (not provided).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

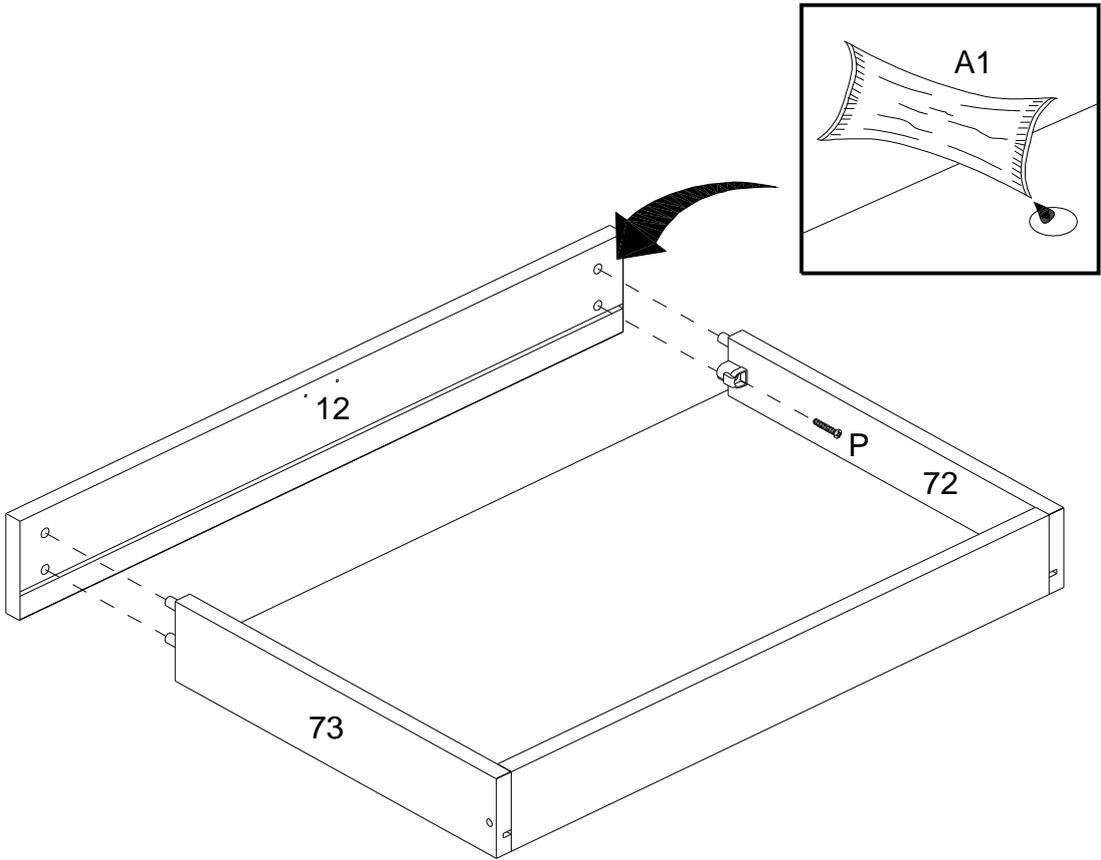

Step 23: Attach the left side of drawer (72) and the right side of drawer (73) to the Rear left upper of drawer (18) and the bottom left of drawer (22) using the hardware O and a screwdriver (not provided).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

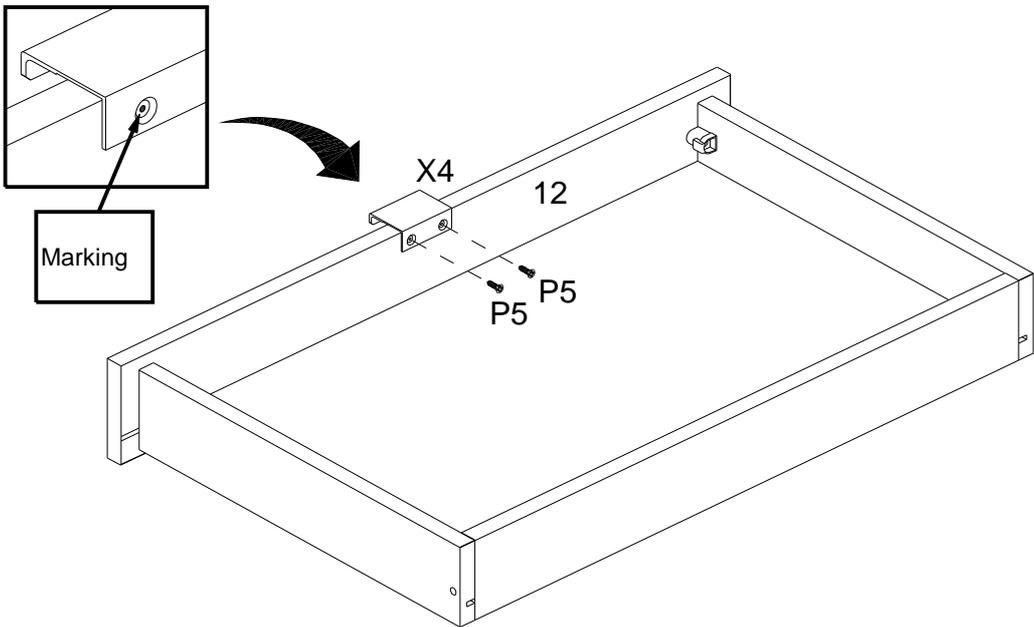

Step 24: Attach the top left of drawer front (12) using hardware part A1, and P with a screwdriver (not provided). **DO NOT use any power tools as this may damage the frame and will invalidate any claim.**

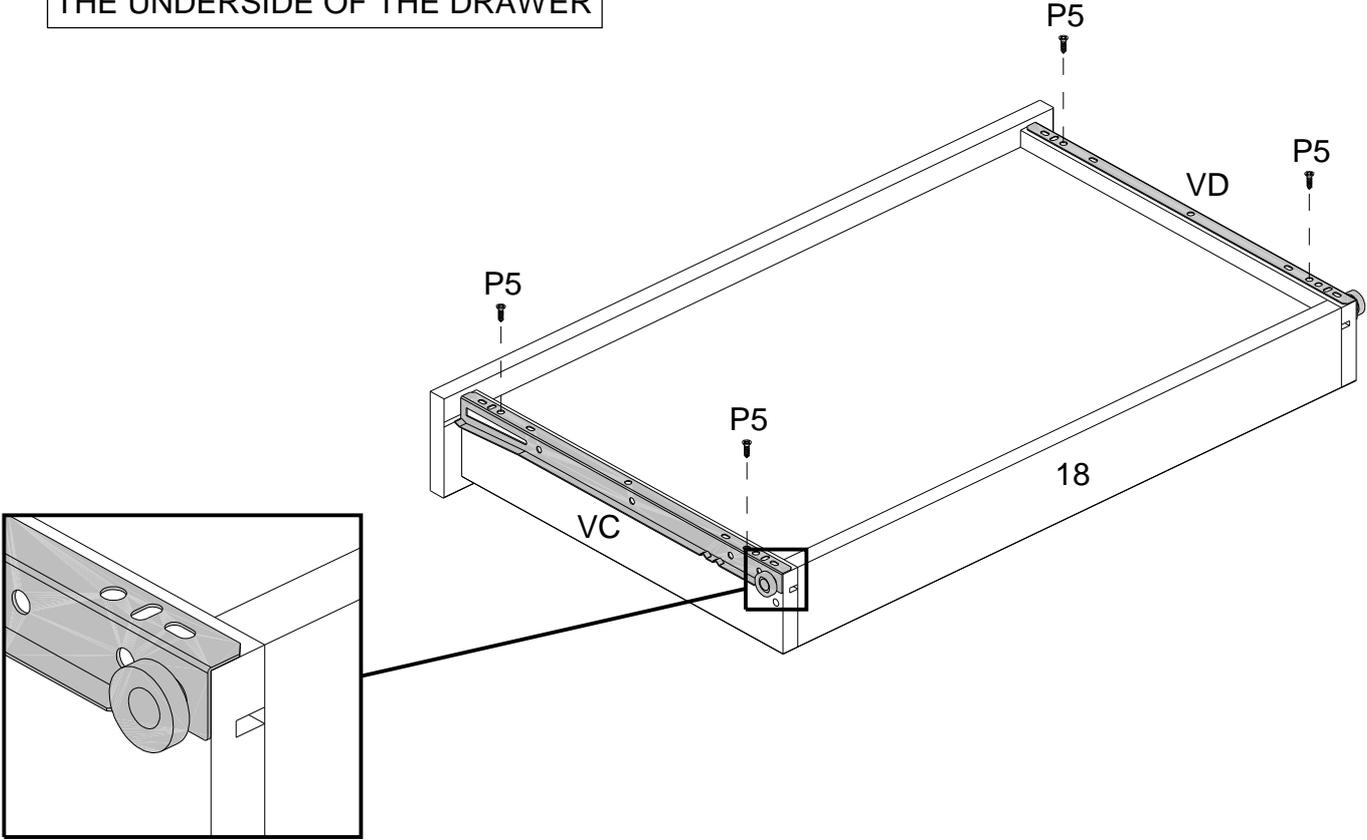

Step 25: Attach the handle X4 to the top left of drawer front (12) using hardware part P5 and a screwdriver (not provided).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

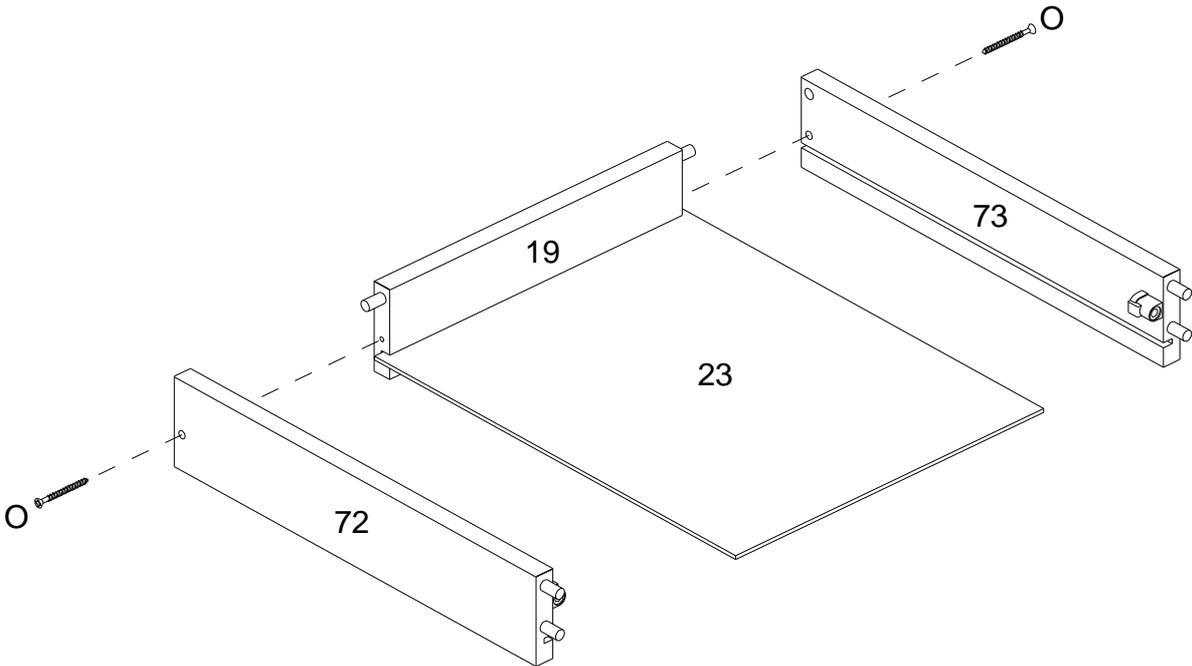

Step 26: Attach the hardware part VC and VD to the left side of drawer (78) and right side of drawer (79) using the hardware part P5 and a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

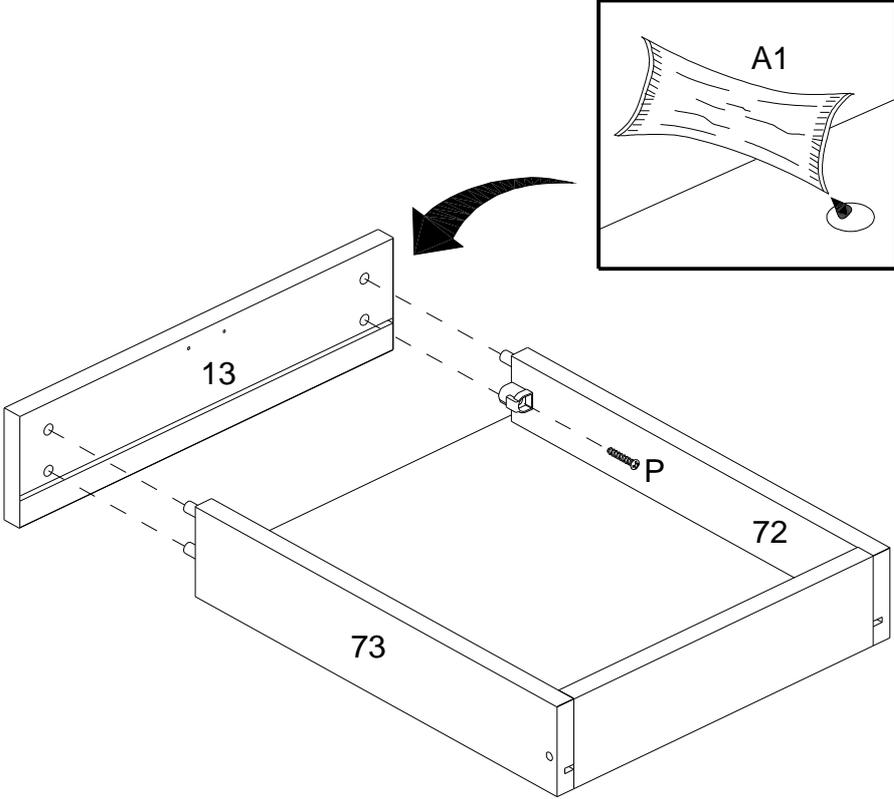

THE UNDERSIDE OF THE DRAWER

Step 27: Attach the left side of drawer (72) and the right side of drawer (73) to the rear right upper of drawer (19) and the bottom of drawer (23) using the hardware O and a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

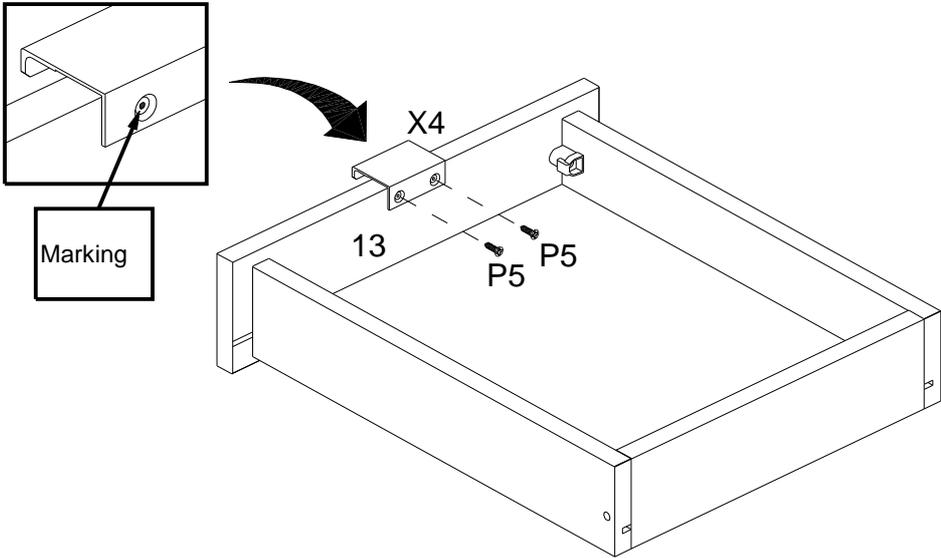

Step 28: Attach the top right of drawer front (13) using hardware part A1, and P with a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

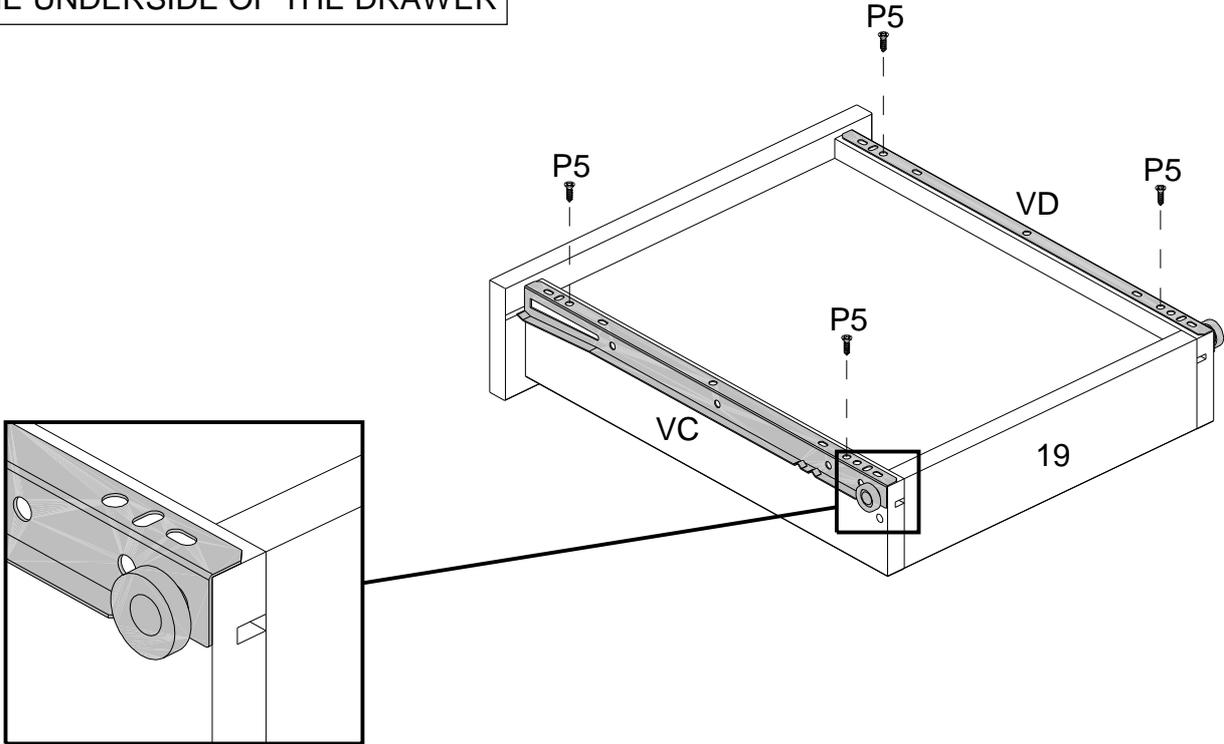

Step 29: Attach the handle X4 to the top right of drawer front (13) using hardware part P5 and a screwdriver (not provided).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

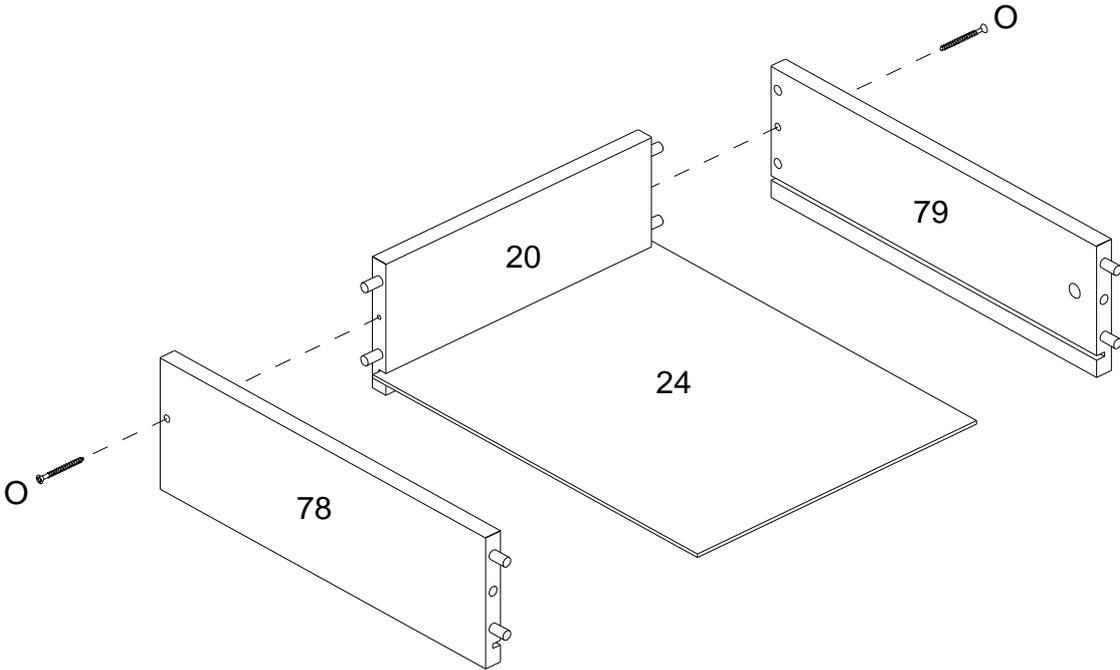

Step 30: Attach the hardware part VC and VD to the left side of drawer (72) and right side of drawer (73) using the hardware part P5 and a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

THE UNDERSIDE OF THE DRAWER

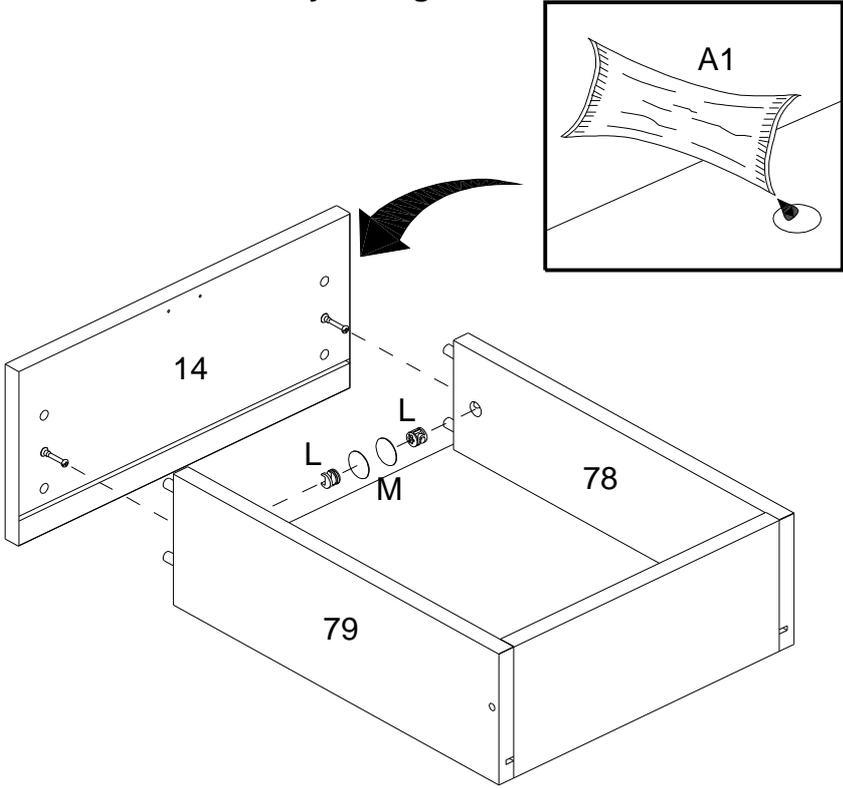

Step 31: Attach the left side of drawer (78) and right side of drawer (79) to the rear intermediate of drawer (20) and bottom right of drawer (24) using hardware part O and a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

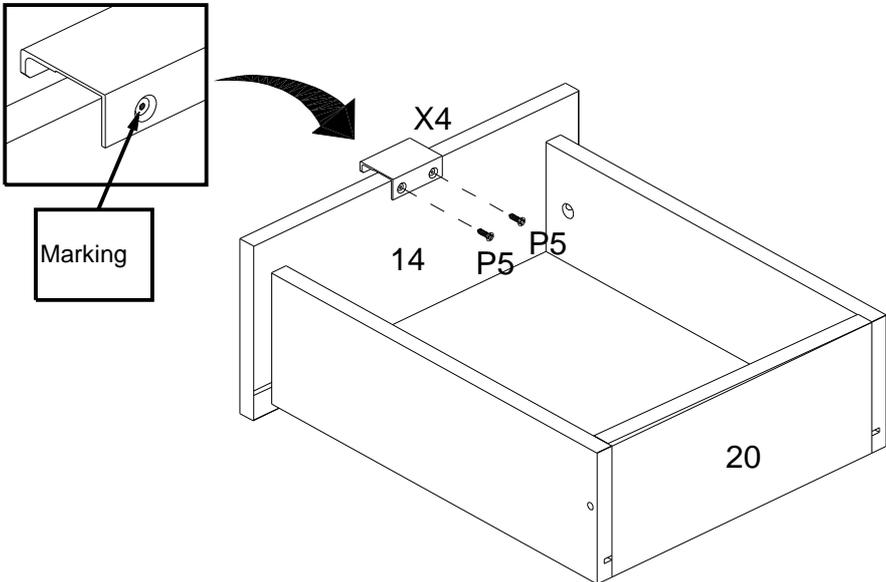

Step 32: Attach the intermediate of drawer front (14) to the left side of drawer (78) and right side of drawer (79) using hardware part A1, L and a screwdriver (not provided). Then insert the hardware part M to the left side of drawer (78) and right side of drawer (79).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

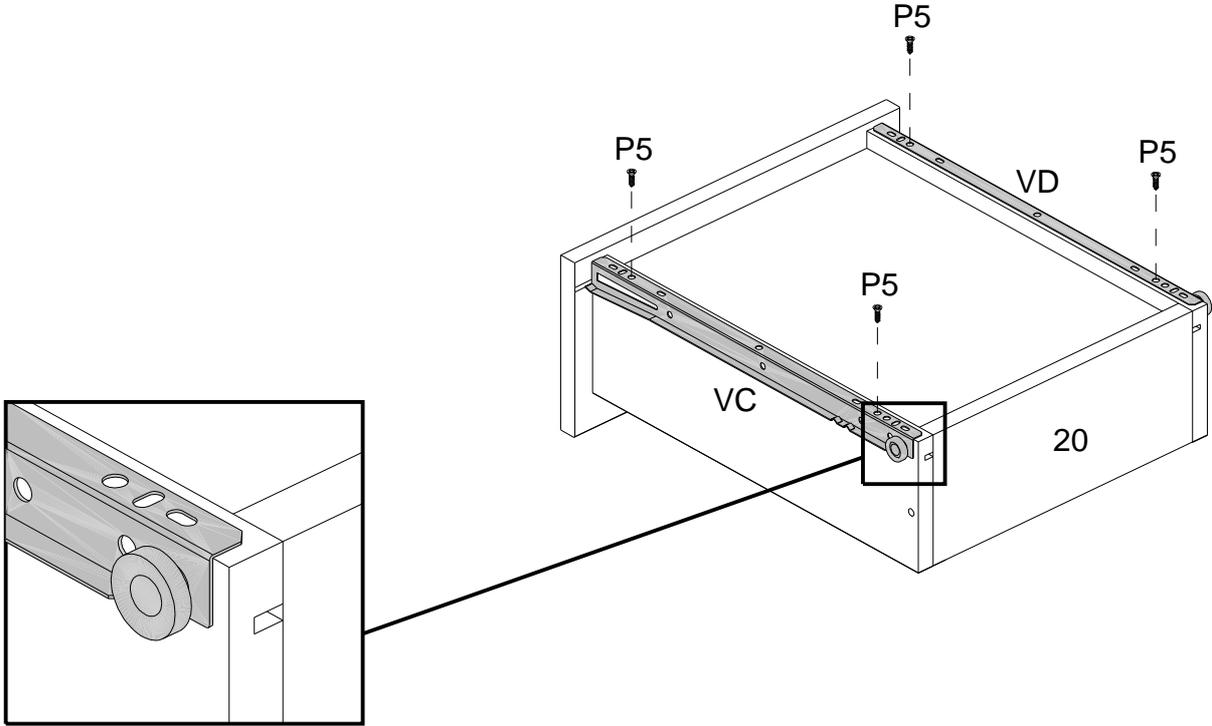

Step 33: Attach the handle X4 to the Intermediate of drawer front (14) using hardware part P5 and a screwdriver (not provided).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

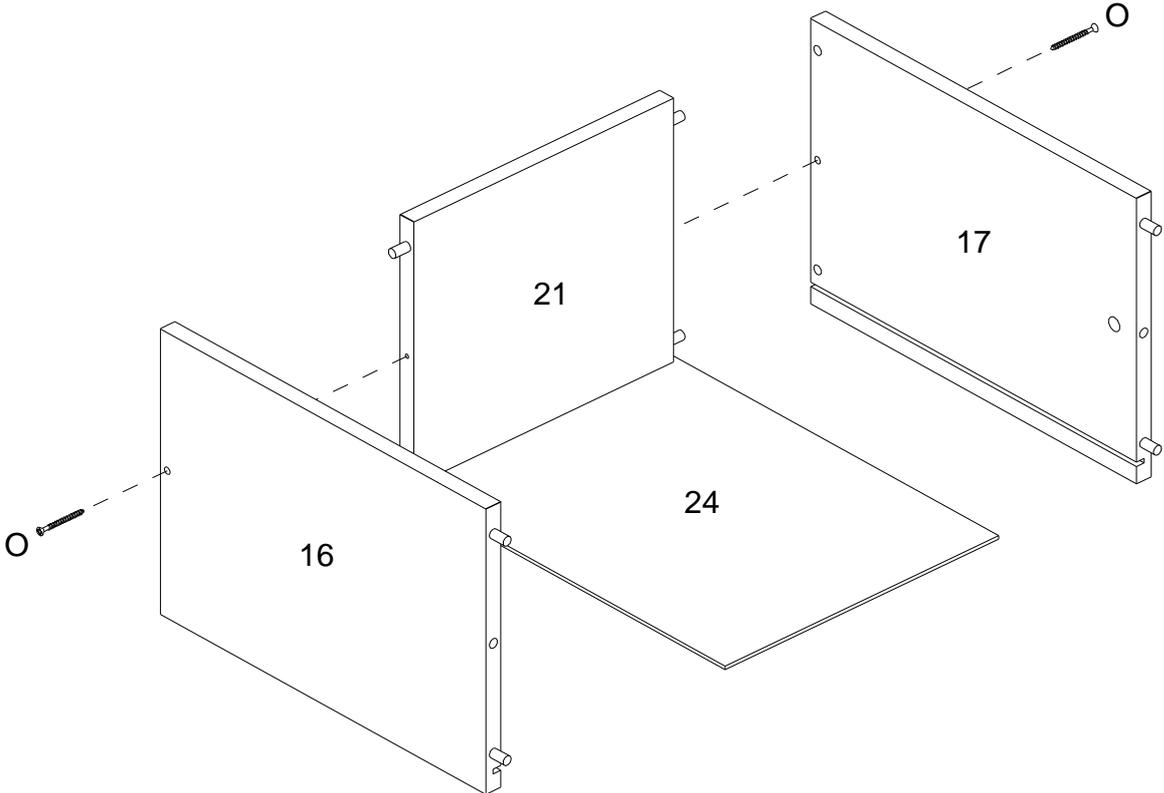

Step 34: Attach the hardware part VC and VD to the left side of drawer (78) and right side of drawer (79) using the hardware part P5 and a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

THE UNDERSIDE OF THE DRAWER

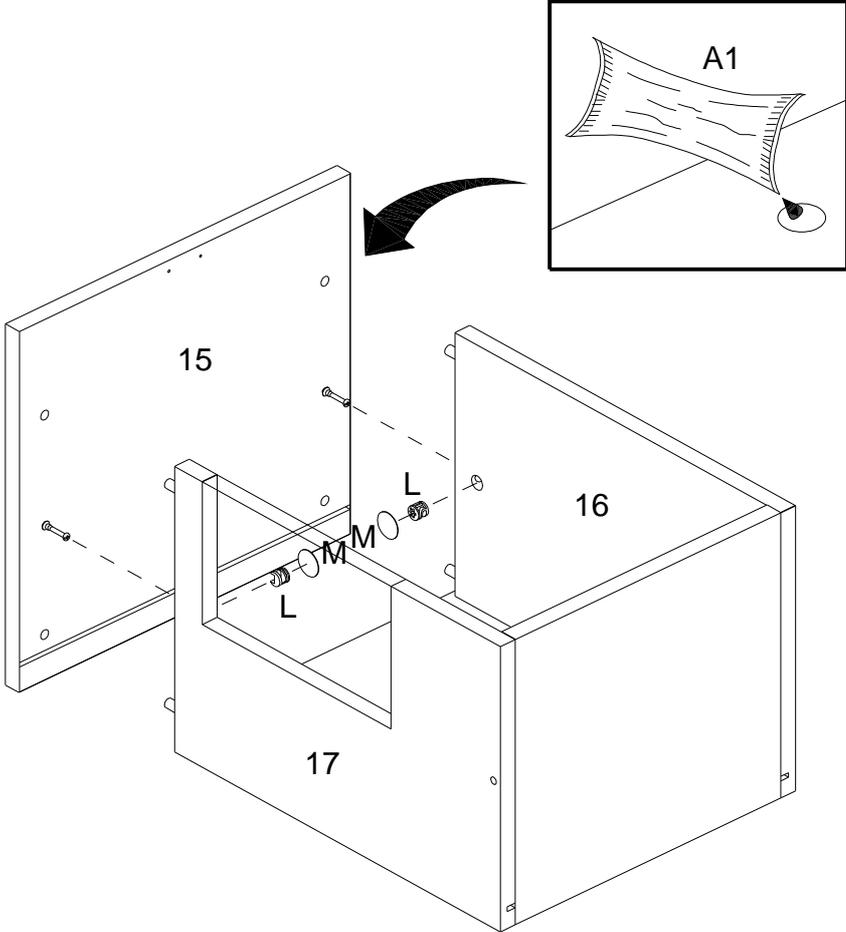

Step 35: Attach the bottom left of drawer side(16) and the bottom right of drawer side(17) to the bottom of drawer rear (21) and the bottom of drawer rear (24) using the hardware O and a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

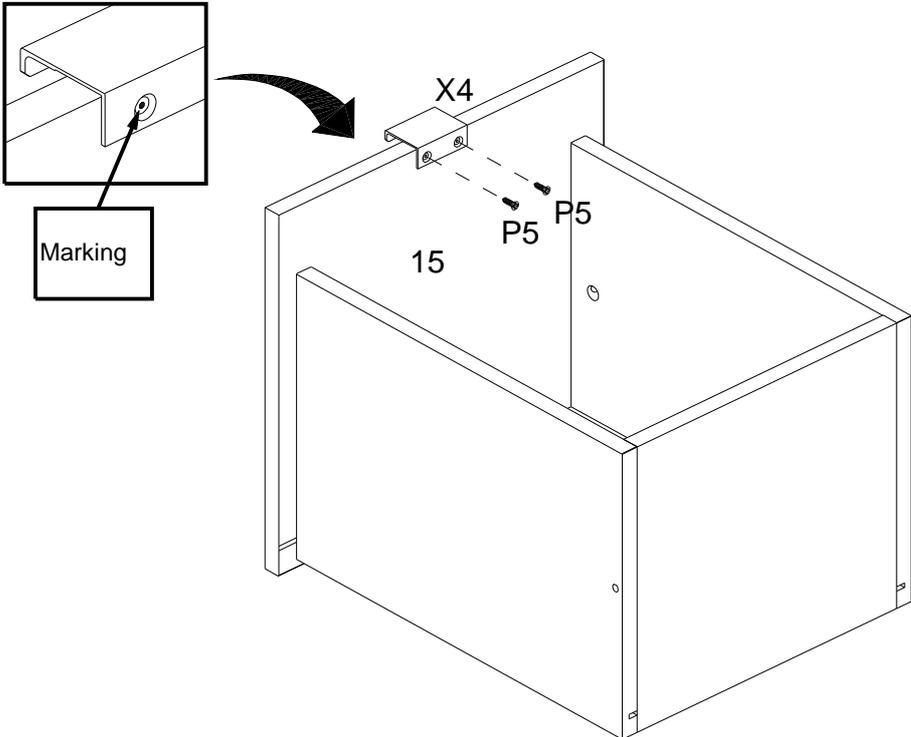

Step 36: Attach the bottom of drawer front (15) to the bottom right of drawer side (17) and bottom left of drawer side (18) using hardware part A1, L and a screwdriver (not provided). Then insert the hardware part M to the bottom right of drawer side (17) and bottom left of drawer side (18).

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

Step 37: Attach the handle X4 to the bottom of drawer front (15) using hardware part P5 and a screwdriver (not provided).

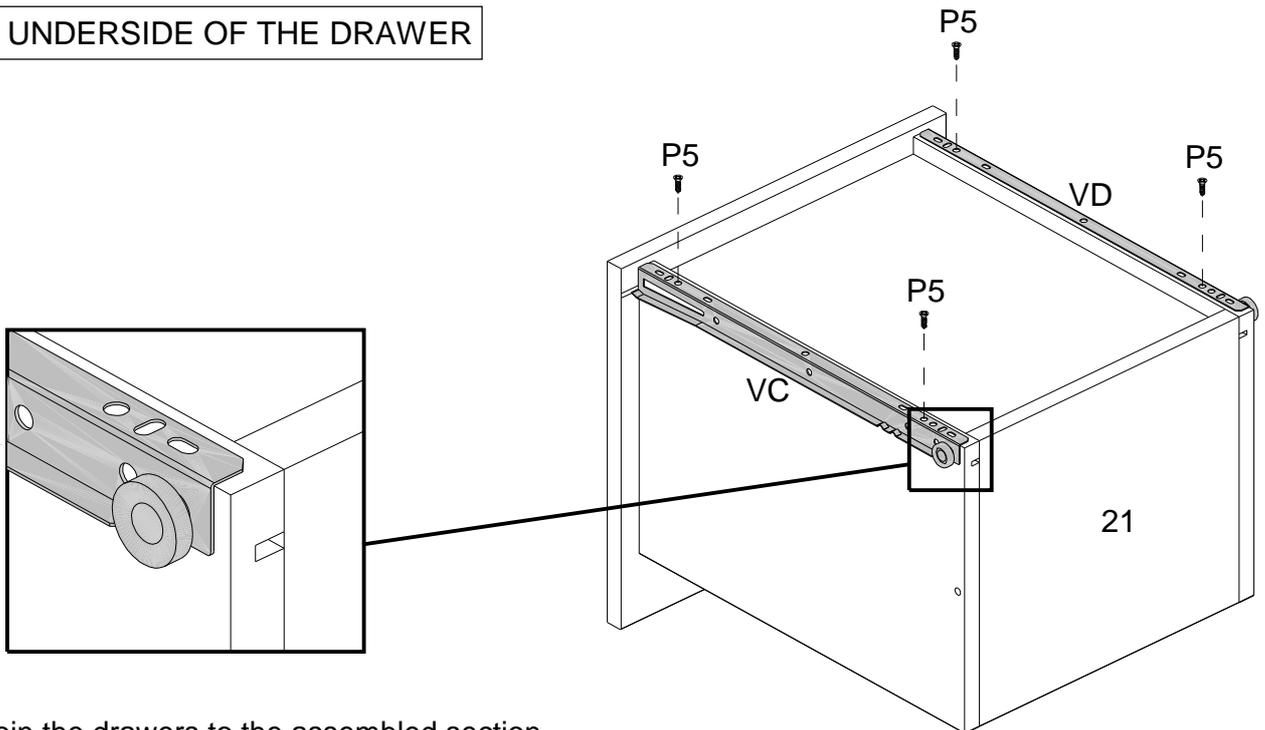

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

Step 38: Attach the hardware part VC and VD to the bottom right of drawer side (17) and bottom left of drawer side (18) using the hardware part P5 and a screwdriver (not provided).

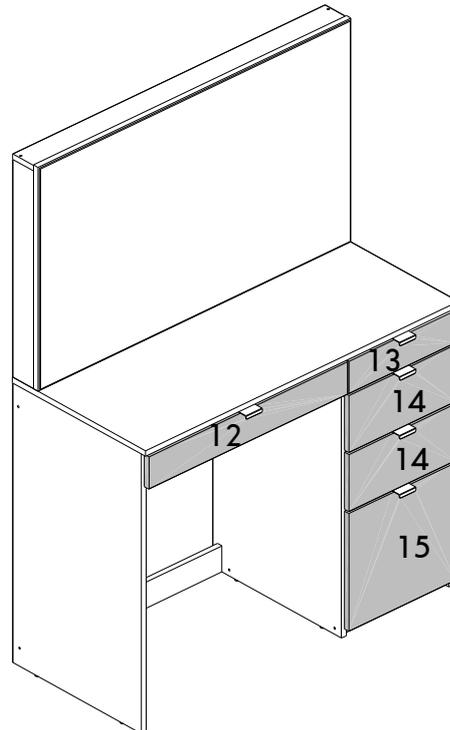

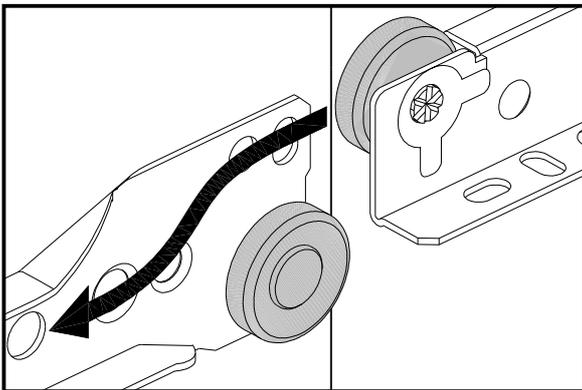

DO NOT use any power tools as this may damage the frame and will invalidate any claim.

THE UNDERSIDE OF THE DRAWER

Step 39: Join the drawers to the assembled section.

DO NOT use any power tools as this may damage the frame and will invalidate any claim.
